ENGLEWOOD SULLIVAN'S TIMES

THE NEWSPAPER THAT HAS SERVED ENGLEWOOD FOR THE PAST 37 YEARS

VOL. XXXVII—No. 2 FRIDAY, AUGUST 24, 1923 $1.00 PER YEAR

WOULD YOU BELIEVE IT

if I told you that my new store under construction would be entirely finished next month? I can say, at least, that when I do return to my former location I will have a store of which Englewood will be justly proud.

The same policy of a square deal in pianos will be strictly my plan—if possible even more than in the 17 years of business—for I have studied piano construction and service in the past few months as never before, and my customers will surely benefit.

Must Overlook Englewood

While the police are making a special effort to suppress the dangerous speed fiends in many parts of the city, they must have overlooked Englewood, as the abuses in this line are most noticeable, and we hear of none of them being adequately punished. The 64th st. residents are almost afraid to attempt to cross their street at the intersections, while Stewart ave. is understood to be open territory for races. Not only residence streets suffer, but 63rd and Halsted sts., half a block from the regular crossing officer at the intersection, are dangerous thoroughfares, and the trucks, especially the newspaper distributors, appear to have no idea of other people needing to use the street. Many of the worst violators carry no state or city licenses, and at night many run in the dark without lights of any kind, and we call attention of the police to all of these flagrant violations that endanger the lives of our people. We have seen officers look after these violators, but never yet have we known one to take any measure to stop or arrest one. Why?

The Man With a Pull

About the greatest curse there can be to any organization, city, county, state or nation, is the man with a "pull." He is the fellow that is responsible for more law breaking than the festive "hootch." He is used if a fellow is arrested for speeding; he has your assessment reduced below a fair rate; he keeps your name out of the paper when you get in bad; he stands between you and your just deserts on almost any occasion and he is the biggest man in the community. Every neighborhood has one or more of these four flushers, who constantly boast of their "pull" and invariably fall down when it comes to using it. Dating back to that time that the old gentlemen in Philadelphia said, "all men are created equal," these chaps have been trying to prove it a lie with more or less success. Most of them work for "a consideration" and the victim is the fellow who places trust in them. All of this is said because we were told this week of a man boasting he kept certain news out of our paper because he had a "pull" with the editor, when the fact is that we never publish such news (?) but knew the full particulars before the police record was written, and that's that.

Mr. and Mrs. Frank Cooban of 6454 Normal blvd., and Raymond Christ and his mother of 62nd st., will leave this week for Ohio to visit the oil fields in which Mr. Cooban has extensive interests. Several wells are to be "shot" on Mr. Cooban's leases.

Insufficient Roads for Traffic

With automobiles increasing by the hundreds of thousands, and the almost total elimination of slower or horse travel, what will we do for roadways? Gradually the main thoroughfares are being proven inadequate, and on a Sunday or holiday when many people take to country driving, the roads leading into the city are crowded to an uncomfortable extent, and often for ten miles the automobiles make a continuous procession, and the traffic is as congested as on our most popular city streets. With nearly a million cars in Illinois, and the number increasing by leaps and bounds, it is patent that more roads must be provided as a matter of safety and convenience. The boulevards of the city are not sufficient to accommodate pleasure vehicles conveniently, and the heavy traffic and trucks crowd the business streets, especially those carrying street car lines. Who will solve the problem? The roads in the country can be made wider, and we may have to double-deck city streets. If the increase is as great in the next ten years as in the past, both as to pleasure and business vehicles, it will simply be impossible for them all to travel at one time, on the present surface roads and streets.

Reserve Your Copy of History Now

Those desiring one or more copies of the "Story of Englewood" should send in their names now as only a limited number will be printed and some are sure to be disappointed in not being able to secure a copy if they wait much longer. This work is being published at actual cost, with no profit financially to anyone connected with it, and is the only history of Englewood ever written. It tells the story of your home town, with personal mentions of people you know and with an accuracy no stranger could possibly give. Send your name and address with the number of copies wanted to "Story of Englewood" committee, 728 W. 65th st.

C. Burkhardt & Co., the bakers at 448 63rd st., will open a high-grade meat market at 329 63rd st., next to the corner of Harvard ave., about September 6th. It will be a strictly first-class place, carrying nothing but the very best meats on the market and where "service" will be the motto.

The Englewood Presbyterian church, will play the Moody Italian Mission, in the semi-final Church League baseball game, Saturday, August 25th, at 61st st. and Racine ave. The game will start promptly at 1:30 p. m., as Woodlawn Baptist will play Nazarene in another semi-final at 3:30 o'clock. Everybody come.

To Save Is to Have

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

Realize Your Dreams

Just a few years of small but steady savings will bring you many of the things you are longing for. Perhaps you want a car. Perhaps you want to buy the farm next to you. Perhaps you want to start a son in business, or to go traveling, or to educate yourself or your children.

Saving will do all these. And best of all, you will have formed the saving habit and will never be one of the nine men out of every ten who pass their last years penniless—in the poorhouse or dependent on others.

It is, or should be, the expression of the ideals of the family living there. Nothing enhances the value of property in the city or in any section of a large city more than the thought put into the design and construction of the house and the care taken of the surrounding land. No doubt, you have pictured to yourself your ideal home in your ideal location. If you want to build, follow the advice of one of the leading home magazines and consult your local realtor regarding location, style of building, etc. Our long experience in this particular business, our methods of square dealing place us in an enviable position to correctly recommend architects, builders and property for particular people. The New Negligee Collar
SEVERAL collar manufacturers are now making a Semi-Soft or Negligee Collar that is a big improvement over the old style soft collar, and may be worn on many occasions where the old style soft collar would be entirely out of place.
When PROPERLY LAUNDERED this Semi-Soft collar will wear just as long as the stiff collar, and should withstand many more washings than the old style soft collar.
When purchasing Semi-Soft collars we recommend that you select styles that do not have buttons.
We launder all kinds of collars, but would not like to have you reject the Semi-Soft collar until you see how they look when we launder them.

HUPMOBILE
Long Service Over Roughest Roads

Like all Hupmobiles for 15 years, the new Hupmobile is built of the finest materials, and with the finest workmanship. It is as strong and staunch in every part, and functions as near perfection, as human painstaking and ingenuity can accomplish.
No matter how much more you pay, you cannot buy a car that will give you more reliability, longer life, greater durability in every part. The new Hupmobile is deliberately built for the roughest going. It is built to stand up day after day and year after year under conditions that would soon "kill" an average car.
If you desire a car for extra-hard service, or for only the average amount of hard service, you cannot with sound economy afford any car that is not built to the highest standards.
On that basis, you can afford the new Hupmobile—and you will find that it will save you money every day you own it, and will command a higher value when you may desire to re-sell it.

SULLIVAN'S SENSE AND NONSENSE

Hooch Mon

The moon shines east
The moon shines west
Let the moonshine alone
If you know what's best
Mike got full of moonshine
Then he went to bed.
Lit a little cigarette
Sleep—fire—dying—dead.

The man who carries a gun isn't hunting work.

The kick in the hootch is the kick that's in kick-the-bucket.

Better a close mouthed friend than a close fisted enemy.

The most popular writer of the day is the check writer.

Anyway, the girls all seemed to observe "Paint up week"

A Sunday drive used to often end in an engagement, now it often ends in a funeral

"A man fell from a sixth-story window the other day, and didn't get a bit hurt," said Pat to Max. "Is that so?" replied Max; "and why not?" "Why," answered Pat, "he had on a light fall suit."

The little chap went to Sunday school for the first time, and when his father asked him how he liked it, he said, "Oh, I liked it well enough but they took every darned cent I had."

A supposed-to-be wide-awake merchant told another that the Times was read by so many people in Englewood and vicinity that it didn't pay to advertise in it. This is a fact; and it was a 63rd st. supposed-to-be merchant. You will see a for rent sign on his shop soon.

She was in a Blue Island telephone booth and had just put in a toll call She wept bitterly as she pulled down on the hook to attract Central's attention. "Hello" came Central's clear voice. "Hello" she sobbed, "I want my money back. Sam wouldn't speak to me."

They were old friends, and the one remarked, "Shure, Oi met a mon lasth wake and Oi'd hov sworn it wor yersilf." "And wasn't it?" "Divil a bit," said the first. "But he wor yer very image, barrin' he wor a thrifle gray. Oi suppose, now, yiz hovn't a twin brother a few years oulder thon yersilf?"

"I just stopped to tell you about that flour you sent me the other day," said Mrs. Newlywed. "Why, madam," answered the grocer, "that was the best flour I carry in stock. What was the matter with it?" "Matter indeed! Why it was so tough my husband couldn't eat the biscuits I made with it."

An Irishman applied for a job at the gas works. "What can you do?" asked the foreman. "Almost anything, sor," said Mike. "Well," said the foreman, who was a bit of a joker "you seem to be all right, but could you wheel out a barrel of smoke?" Shure I could that," said Mike, "if yez would fill it for me first."

Casey told me he was going to sue Moriarity for damages because he called him a rhinoceros three years ago. When I asked him why he had delayed in bringing the suit so long, he said: "Be gorry, Oi niver sane a rhynoceros, an' didn't know phwat the bast wor loike until Oi sane wan in the circus last summer."

Englewood Lodge No. 858 of the Independent Order of Odd Fellows and Blue Bell Rebekah Lodge No. 460 held a joint reception and farewell party, Tuesday evening, August 21st, for Rev. and Mrs. George R. Cady, who are to remove the first of September to their new home in Kenosha, Wisconsin, where Mr. Cady has accepted a call to the pastorate of the First Congregational church.

One hundred and seventy-five gathered in the lodge rooms in Thornton hall, 69th st. and Normal blvd., and with songs and speeches wished Mr. and Mrs. Cady long life and happiness in the new home in Wisconsin.

Past Grand Alex. Taylor was the chairman of the program which consisted of readings by Miss Parsons, Miss Bernice Clayton and Miss Buckley, and musical numbers by Miss Buick, Miss Tennant and Mr. Schampon.

Miss Louise Behrens, Noble Grand of Blue Bell Lodge, voiced the regrets of the Rebekahs at the removal of their friends and presented as a farewell gift a beautiful adjustable table lamp.

David Gordon, Noble Grand of Englewood lodge, was the spokesman for the Odd Fellows and presented Mr. Cady a fountain pen. After the response by Mr. Cady the audience sang, "Blest be the Tie That Binds" and adjourned to the dining rooms where refreshments were served.

The Big Picnic Sunday

The picnic of the Englewood Business Men's association at Beverly Hills forest preserve was a grand and glorious success, from the sumptous basket luncheons to Harry Mapp's feed factory. Fully 3,000 people visited the grounds and everyone wore a pleasant smile as well as other things. The races were hotly contested, especially by the fat ladies; the dances were under the direction of Valentino Foster and Pavlowa Dougherty, and were highly appreciated by the young folks.

Englewood people should have more of these "get together" occasions as they make for good fellowship and better acquaintance.

St. Bernard's Hospital to Enlarge

The Hospitalier Sisters of St. Joseph, who have charge of the Hotel Dieu, St. Bernard's hospital, have lately purchased the property of the Knights of Columbus on Yale ave. and also that of the Bushnell estate just south of Odd Fellow's temple, securing title to 125 feet, immediately in the rear of their hospital proper, which gives them altogether 175 feet on Yale ave. We learn that it is their intention to build early in the spring, a splendid large building fronting on Yale ave. which will provide several hundred more rooms, as well as give them much needed more accommodations for their ever increasing force of nurses and attendants. The Knights had intended erecting a Club House and "gym" on their Yale ave. property, but have enlarged their Harvard ave. buildung and improved it by remodeling in such a way that it will accommodate them for some time.

Daggett Coal company, having remodeled, enlarged and rebuilt the coal yards at 606 Marquette rd., at the Western Indiana tracks, have opened the same with all the modern appliances and machinery for handling all kinds of coal with the least amount of effort and consequently less expense. They carry a large stock at all times of the best brands and specialize on good, clean coal, guaranteed correct weight and prompt service. No matter when you want coal, what amount or when, just give them a ring, Normal 1975, and you will get full weight, prompt service and courteous treatment with most reasonable prices.

Death of Mrs. H. R. Hurlbut

The many friends of Mrs. Hurlbut, widow of the late Horace R. Hurlbut, former residents of Englewood, will be pained and shocked to hear of her tragic death recently by auto accident, in the Flushing hospital, Long Island. Mrs. Hurlbut on crossing Broadway blvd. at Douglaston Park, four miles from Flushing, stepped hastily back from a yellow taxi traveling with usual speed, July 21st, and was struck by a machine coming from the opposite direction, receiving a fracture at the base of the skull and bruises and cuts on head and limbs. All that medical skill, with the care of night and day nurses, could do could not spare her life and she passed quietly away August 1st, having suffered mental and physical pain.

She leaves three daughters, Miss Olive, secretary to Mr. Durkee of Long Island; Lyra (Mrs. B. J. Nicholas) of Douglaston Park; and Lucy, (Mrs. Charles A. Rice) of Springfield, Mass. Since Mr. Hurlbut's death three years ago she has lived alternately with her two married daughters and her five grandchildren and two sons-in-law. She leaves also three sisters, Mrs. L. T. Regan, Mrs. W. E. Ayers, and Miss Anna W. Hunter, all of Englewood.

Mrs. Hurlbut's funeral services were held in Mrs. Nicholas' home and were conducted by Rev. Hodges, of the Murray Hill Presbyterian church, Flushing, Long Island, where she has been active and happy in church work since Mr. Hurlbut's death. The many floral tributes of rare beauty and quantity; the large number of people who thronged the home to do honor to her memory, including relatives in the East and former Englewood residents now residing in New York and New Jersey, some former associate members with her in the old Englewood church, touchingly bore testimony to her work. She now rests in the beautiful Flushing Cemetery by the side of her deceased husband.

Mrs. Hurlbut as Miss Hessie A. Hunter was a talented and popular reader in Chicago and other cities.
